

## Photie Submitted Content guidelines

Updated 30<sup>th</sup> September 2020

Please ensure all submitted content adheres to the following:

- Is truly authentic South African subject matter and content.
- Sharp, clear, unblurred and/or unblemished and free from other technical issues.
- Photos and vector illustrations must be submitted in Print ready JPEG format and no larger than 8MB
- Photos should be at least 3600px on the longest side
- Videos should be uploaded as an MP4 and no larger than 100MB
- Make sure that your content is yours and that you own the right to earn from it.
- Make sure they don't contain any copyrighted or trademarked materials. We're tight on rules here, and we will not accept content that we believe to be illegitimate. If brands and their logos are visible, we can't accept the image either, so make sure you edit your work properly.
- All submitted content to be named as follows: Main collection\_title \_relative keywords. [Click here](#) to view our main collection list that will be used in searches
- Images that contain recognizable people or properties will be required to have a signed release giving written permission for the commercial use of that image. [Link for release templates.](#)
